Office, cellars, and healing grounds on Linden St.  
at the R.R. Crossing, one minute walk from either  
of the depots, or postoffice, with electric cars every  
ten minutes, connecting depots in Bloomington

**New 'Phone No. 512      Postoffice Box 308**

## R E M A R K S

*To My Friends and Patrons Generally:*

I WISH to express my thanks for all past favors and to solicit a share of your future patronage. My stock is all well grown and young; and though limited in supply will be furnished at prices named while it lasts. My lists of varieties comprise the leading sorts, and I shall give the purchaser his selection as far as possible, but RESERVE the right to myself where not forbidden, and do not have sorts named. Where parties forbid substituting, shall fill the orders only so far as I can supply the sorts wanted, but if possible please give your second choice in case I am out of those varieties named as your first choice. Giving my personal attention to the business, I shall exercise the greatest care and endeavor to have all trees, shrubs and plants true to name. Yet I do not give any warranty, expressed or implied, and in case of any error on my part, it is hereby mutually agreed between the purchaser and myself that I shall not at any time be held responsible for a greater amount than the original price of the goods.

TERMS: Cash or satisfactory security before shipment. Orders to be sent "C. O. D." must be accompanied with one-fourth the amount in cash.

REFERENCE: First National Bank, Normal, Illinois.

PRICES: Prices herein are limited to the spring of 1907, and rule only when the number specified is taken; 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

PACKING: The prices do not include packing, for which I charge moderately; Packing is done mostly in boxes, sometimes in bales or parcels, for which I charge only sufficient to cover cost. For boxes 8 or 9 feet by  $2\frac{1}{2}$  feet, \$2.50; 10 feet by 3 feet, \$3.50. Smaller boxes in proportion. Spring packing usually begins about the middle of March.

Remit by postal order, bank draft on New York, St. Louis or Chicago, payable to the order of GEO. J. FOSTER, or currency by express, PREPAID.

All articles, after leaving my hands in good condition, are entirely at the risk of the purchaser, and no complaint will be allowed, unless made within ten days after receipt of goods.

My shipping facilities are excellent. Normal, a suburb of Bloomington, has the benefit of rates of the latter place, both for railroad and express matter. The I. C. R. R. and branches, C. & A. R. R. and branches, L. E. & W., and Big Four R. R.'s and American and United States Express Companies are all convenient.

All orders will have my personal and prompt attention.

**GEO. J. FOSTER, Normal, McLean County, Illinois.**

# FOSTER NURSERIES

## Fruit Department.

" " 2 yrs. first-class, 2 to 3 ft...	15	1 20	10 00	.....

**Longworth Pear.****THE PEAR FOR THE NORTH-WEST**

	Each	10	100	1000
<b>Longworth</b> , 5 to 7 feet.....	25	2 00	.....	.....

This is a very hardy seeding pear that was originated at Dubuque, Iowa, more than forty years since by the late Wm. Longworth. The tree is a tall upright grower, mostly free from blight, and an enormous bearer. Fruit medium to large, nearly round, skin yellow, with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September. Being free from blight and HARDY, it is a very desirable variety, and should be planted largely.

**Cherry Trees.**

	Each	10	100
<b>Early Richmond</b> , 6 to 7 feet, strong 1 inch to $\frac{3}{4}$ inch stem, very fine.....	50	4 00	35 00
<b>Early Richmond</b> , 5 to 6 feet, $\frac{3}{4}$ inch up select, 3 years.....	35	3 00	25 00
<b>Assortment</b> , Richmond Dukes Morellos etc., 4 to 5 ft., first-class, $\frac{5}{8}$ to $\frac{3}{4}$ inch, 2 years.....	30	2 50	22 00
<b>Assortment</b> , Richmond Dukes Morellos etc., 3 to 4 feet, nicely branched, 2 years.....	25	2 00	15 00

Leading Sorts of Sour Cherry.

**Peach Trees—Assortment, Including Champion.**

	Each	10	100	1000
4 to 6 feet, first-class, 1 year. ....	20	1 50	7 00	50 00
3 to 4 feet, 1 year, very nice.....	15	1 00	5 00	35 00
2 to 3 feet.....	10	50	3 00	25 00
<b>Elberta</b> and <b>Champion</b> , 6 to 7 feet, 1 year extra .....	25	....	....	....
<b>Opulent</b> , 4 to 6 feet, first-class, 1 year....	25	....	....	....

This splendid new peach Opulent, Luther Burbank's latest introduction, is a very fine large freestone of excellent quality and beautiful color, that will doubtless become very popular.

"    See page eleven.	....	....	.....
<b>Phlox</b> , Perennial, best sorts.....	20	1 50	9 00
<b>Narcissus Poeticus</b> .....	10	50	3 00
<b>Rudbeckia</b> , (Golden Glow) flower stems 5 to 6 feet high, laden with sheaves of golden blossoms as large as small Dahlias.....	10	75	3 50
<b>Roses</b> , Hybrid Perpetual, 2 years dormant .....	25	2 00	15 00
"    Climbing, 2 years.....	20	1 50	10 00
"    Crimson Rambler, 2 years .....	25	2 00	18 00
"    Dorothy Perkins, New hardy Pink Rambler, 1 year .....	25	2 00	.....

**Hardy Herbaceous Plants—Roses, Bulbs, Etc—Continued.**

	Each	10	100
<b>Lily of the Valley</b> , perfectly hardy, very fragrant, choice roots, per 1000 pips, \$10 00...	....	\$....	\$1 50
<b>Tuberoses</b> , Pearl and Double, first class bulbs, well ripened, properly cured and certain to bloom.....	10	50	1 50

**Cannas**

I have a choice lot of dwarf French Cannas, named sorts, that I consider among the very best standard sorts offered, including Beaute Poitvine, Queen Charlotte, Mrs. Berat, Florence Vaughn, Burbank, Flamingo, Etc.....	15	1 00	8 00
---	----	------	------

**HERBACEOUS PAEONIES**

Within the past ten years this splendid section of hardy herbaceous flowering plants have been brought into very prominent notice because of the general improvement in varieties of comparatively recent origin. In these newer sorts, we have not only immense blooms reaching in some specimens seven or eight inches in diameter, but the range of color is also so varied that almost every tint of pink, white, red, crimson and even some shades of yellow is comprised in the list. Plant vigor has also been improved and strong stems three feet long are not at all uncommon in some of the varieties. There is also an element of practical, permanent value in the Paeony: that is the plants once purchased and planted in suitable soil continue to increase in size and profusion of bloom for years with very little further attention; while they pay an annual dividend in the way of magnificent blooms that are unsurpassed for decorative purposes.

I offer the following choice named sorts, with two and three eyes to each root:

	Each	10	100
<b>Compte de Paris</b> , Pink and white, strong stem.	25	\$2 00	\$....
<b>Deicata</b> , Delicate pink, full double.....	25	2 00	....
<b>Early White</b> , Pure white, one of the earliest..	25	2 00	....
<b>Fragrans</b> , Solid pink, large, profuse, showy....	25	2 00	....
<b>Hercules</b> , Dark crimson, single, with yellow stamens.....	25	2 00	....
<b>Humei</b> , Dark rose, full double, late, very fine.	20	1 80	15 00
<b>Joan de Arc</b> , Very delicate, flesh color, becoming white.....	50	4 00	....
<b>La Tulip</b> , Blush white, new choice.....	2 00	....	....
<b>Old Crimson</b> , Solid crimson, earliest of all....	25	2 00	....
<b>Reevesii</b> , Purplish rose with white center, full double strong.....	25	2 00	....
<b>Sinensis</b> , Rubra Dark Pink, distinct, very dble.	20	1 80	15 00
<b>Whittleii</b> , White, one of the best.....	50	4 00	....
<b>The Bride</b> .....	2 00	....	....
<b>Festiva Maxima</b> .....	2 50	....	....
<b>Esther</b> .....	2 00	....	....
<b>Golden Harvest</b> .....	2 00	....	....
<b>Floral Treasure</b> .....	2 00	....	....
<b>Crimson Queen</b> .....	2 00	....	....
Pink Sorts without names, all good, with two or three eyes to each plant.....	10	80	7 00

## Special Mention

To anyone desiring to plant Hardy Herbaceous Flowering plants, I would call especial attention to my block of named Paeonies, as I have now a very nice stock and assortment of choice varieties, from the earliest to the latest, so that the season of continuous bloom last year was from the middle of May until about July 1st—a fine show indeed of plants that are becoming more popular every year.

OFFICE OF  
**Illinois State Entomologist**  
URBANA, ILL., AUGUST 16, 1906.

---

**T**HIS IS TO CERTIFY that the growing nursery stock and premises of Geo. J. Foster, situated at Normal, Ill., have been inspected according to the provisions of an Act to prevent the introduction and spread in Illinois of the San Jose Scale and other dangerous insects and contagious diseases of fruits, approved and in force April 11, 1899; and that no indications have been found of the presence of the San Jose Scale or other dangerous insects or plant disease.

This certificate is invalid after June 1, 1907.

S. A. FORBES, State Entomologist.
